

FOSSEE Summer Fellowship 2018

Opportunities for everyone!

- Aerospace Engineering
- Computer Science & Engineering
- Civil Engineering
- Information Technology
- Electrical Engineering
- Electronics Engineering
- ECE & Allied fields
- Chemical Engineering
- Mechanical Engineering
- Fine Arts (Character illustration & Animation)
- Web Development

and in many other streams of study

Last Date for Registration: **9 March 2018**

**Selection will be based on evaluation
of screening tasks**

Register early to improve your chances of selection

Chance to work on one or more of these free and open source software tools:

OpenFOAM
Computational Fluid Dynamics
Toolbox

eSim
EDA: Circuit Simulation

DWSIM
Chemical Process Simulator

Scilab
Numerical Computation

Python
Programming Language

Open Hardware

Osdag
Steel Structure Design Software

Drupal
Content Management System

Python Web Framework

Statistical Analysis

Xcos
Graphical simulation
environment for Scilab

Dynamic Modelling
Environment

Inkscape
Vector Graphics Software

GIMP
Image Manipulation Program

Synfig Studio
2D Animation Software
