

### **Guide lines for Poster Presentation on World Environment Day-2018**

1. The size of the poster should be of 90 cm x 120cm Height.
2. The focal theme of the poster is “**Beat Plastic Pollution**”.
3. Only materials that can be mounted on the provided display board with pushpins are allowed for presentation.
4. Competing students should bring pushpins to mount the posters.
5. Avoid plastic/flex materials as the whole programme is done in green protocol.
6. Any posters that depict copyrighted images will be rejected.
7. Any posters that depict characters from TV shows, movies, cartoons, books, etc. will be rejected.
8. All posters must have original ideas and created entirely by the students.
9. Sketch pens and other synthetic materials will not be allowed.
10. There should not be any name of student, school/college and any other identification marks in the poster.
11. Decisions taken by the judging panel are final. No appeal is allowed.
12. All competing students should come with the already drawn posters, get registered and mount on the allotted board before 10.00am.
13. Competing students should defend posters for 5 minutes before the Judging panel.
14. Last date to confirm the participation by e-mail (***bmc.doecc@gmail.com***) is 30.05.2018. (Maximum number of entries is limited to 50 on ‘first come, first serve’ basis.)
